Annexure-“A/1”

Summary report of Social Impact Assessment Study for Land Acquisition for Bhanupalli-Bilaspur-Berri, new Broad Gauge Rail Line,(Km. 0.20 to Km. 52.0) District Bilaspur HP.

Himachal Pradesh is located in the Himalayan region and bless with natural sources of water, Rivers like Satluj, Beas, Chenab, Rabi and tributaries of Yamuna, flow through the State.

The existing railway network in the State of Himachal Pradesh belongs to British era when it was developed primarily with tourism purpose. This region is not well connected with the National railway network. Government of India has sanctioned a new rail line project between Bhanupalli in Punjab to Bilaspur-Berri in Bilaspur District of HP with an estimated cost of Rs. 6700 crore. The proposed new Broad Gauge railway line shall serve multiple purposes like explore regional development, tourism, connectivity of region with National railway network as well as a gateway to further connect the international borders towards Leh for strategic purposes. The project is also likely to transform the economy of Himachal Pradesh by promoting industrialization, tourism, small and medium business enterprises and trade.

Rail Vikas Nigam Limited (RVNL), Ministry of Railways has been entrusted to carry out survey, design, planning and execution of the work. The proposed rail link branches out from existing railway line at existing Bhanupalli station (Punjab) of Sirhind-Nangal dam section of Northern Railway. The proposed rail line will cross Punjab state boundary and will reach Berri via Bilaspur, located in the State of H.P. On completion of this project Bilaspur, Berri and other areas alongwith this line will get connected with the railway network in the rest of country which will be of great benefit to this part of Himachal Pradesh. Apart from general public, cement factory at Barmana, farmers cultivating vegetables and flowers in the vicinity of Bilaspur , Berri and Sundernagar as well as apple orchardists of Kullu valley will be the special beneficiaries of this rail project as their dependence on road transport to market their produce products will decline very significantly. In future, the railway line is also proposed to be extended to Leh to cater to the transport needs of defense forces to strengthen the security of the country in this sector. The need for the faster and all weather reliable mode of transportation in this strategically important location is essential to facilitate movement of troops and equipments to the border areas.

Total 580-18 bigha (43.71 hectares) of private land in 23 villages 1. Dharot 2. Khairian 3. Thapna 4. Samletu 5. Jabal, 6. Dagrahan, 7. Tikkar 8. Bhater, 9. Talli, **Tehsil Shri Naina Deviji**, 10. Kot, 11. Tunnu, 12. Manwa 13. Rampur, 14. Khansra, 15. Raghunathpura, 16. Kohalwin, 17. Baloh 18. Up Muhal Bilaspur 19. Diara 20. Khairian Luhnu, 21. Bamta, 22. Behal Kandaila 23. Badhyat **Tehsil Sadar**, District Bilaspur HP. will have to be acquired.

The Act 2013 defines eight types of land acquisitions as public purpose, one of which is "Acquisition of land for railways, highways, ports, power and irrigation purposes for use by Government or by Government controlled corporations" (also known as public sector companies) and the Act using particular phrase 'accruing general benefits to the public', 'public interest' will satisfy even if private industry acquires land for one of the said projects provided general benefits accrue to public.

The land acquisition for this project will be carried out as per the "The Right to Fair Compensation and Transparency in land Acquisition, Rehabilitation and Resettlement Act, 2013 (Act of 2013) read with HP Right to Fair Compensation and Transparency in land Acquisition, Rehabilitation and Resettlement (Social Impact Assessment and Consent) Rules, 2015 (hereinafter to be referred as HP Rules of 2015). As per section 4, Act of 2013, a Social Impact Assessment is required to be carried out before initiating land acquisition notifications under section 11, Act of 2013. HP SIAU has assigned S.R. Asia for conducting the SIA.

The total land needs to be acquired for this project is 2801-5 bigha, in 50 villages (Govt. land 1694-11 bigha & Private land 1106-14 bigha). In 9 villages only Govt. land is required and in 18 villages land has been acquired through negotiation. Out of total private land in 23 villages upto Bilaspur Badhyat 580-18 bigha (43.71 hectares) private land is required to be acquired under Act of 2013. The SIA was conducted covering the affected land owners as per the land records of the Revenue department. The land is under individual/joint ownerships and has a spatial spread over 7 Gram Panchayats and three Municipal Councils Bilaspur wards. A Survey Questionnaire was administered for all PAFs, besides conducting PRA with the **community members and key persons**. The **alternative** sites for Railway line and the Railway stations were studied. The

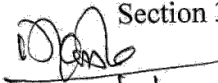

19/2/2022

current Railway line site was chosen after considering all aspects . Based on these issues, about 26.08 Km. will be under tunnels will curtail acquisition of land and 8.43 Kms. on bridges, the underneath land will be useable. Acquisition of land proposed for the Railway line project will have a direct impact on employment, income, production, health and well-being, way of life, community, socio cultural systems, environment, will affect property rights, and will raise fresh fears and aspirations. Development projects affect different groups differently. Some people tend to benefit, others lose. Often, impacts are particularly severe for vulnerable groups: tribal people, women-headed households, elderly persons, landless persons, and the poor. The positive and negative impacts on individual and community are studied in this SIA. Impacts on land and livelihoods, structures and common property resources, environment, community living are included. The impacts in the pre construction, during and after construction are also elaborated.

The most direct and immediate impacts are those associated with project construction, mainly land acquisition. Mitigation is provided through compensation and assistance to project-affected persons, families, households, and groups. These social units are entitled to compensation and assistance on the basis of this policy framework to be accepted by the Government and adopted by the project.

During the FGD all the land owners were willing to provide their land for the Railway project. Only **few were raising reservation on the ground that anticipated** compensation would be rather low. Further, proper in-time problem-free compensation to the land owners was demanded which would not make them feel their loss after acquisition of land. There must be a hassle-free payment procedure as they are apprehending that delay would be, faced after the land is **acquired. It is recommended** that due compensation should be paid before taking possession of the acquired land.

Information collected during the survey is based on the **interviews of the PAFs and** the information provided by them is considered true but it **is not the authentic version** of ownership entitlement. The total land area belonging to the private comes **to 580-18 bigha (43.71 hectares)** and compensation for land, structures & trees etc. will be awarded as per provisions of Section 30(3) of Act 2013.

19/2/2022

A Monitoring and Evaluation plan needs to be developed to provide feedback to the project authorities. Monitoring and Evaluation of R&R gives an opportunity to reflect on the success of the R&R objectives, strategies and approaches and to assess the efficiency and efficacy in implementation of R&R activities, their impact and sustainability. Monitoring will give particular attention to the project affected vulnerable families-and, groups such as Scheduled Castes, Scheduled Tribes, BPL families, women headed households, widows, old aged and the physically or mentally challenged persons.

2. Analysis of Costs & Benefits and Recommendations

Having identified the social impacts, the social impact management plan (SIMP) needs to be drawn up which would include the mitigation of the impacts and risks (low, medium, high) thereof and pose the strategies for managing the risks. This enables the requiring body to ensure that mitigation and management strategies are aligned with those impacts upon the PAFs and communities of the 23 Revenue Villages. This plan guides the requiring body to restore the income of the PAFs and provide required infrastructure for the communities. The strategies being presented in this chapter are derived basically from public consultations and interaction with key stakeholders. The **mitigation and management strategies** would also address the cumulative impacts identified during the social impact assessment wherever **appropriate and felt necessary**.

2.1 Rehabilitation and Resettlement Plan

The present Railway line project requires procurement of privately owned land and Government (both forest and non-forest) land. The private land has to be acquired from its present owners. The Government can use their rights for compulsory acquisition of properties for public projects which causes economic loss as well as social and psychological disruption for the affected individuals and their families. Naturally, greater the number of people involved, larger is the extent of disruption and losses. A Government's Right to acquire naturally carries with it the responsibilities to ensure that those affected do not bear an unfair share of the costs of a project which will bring benefits to others. In the simplest terms, this responsibility should be to ensure that the standard of living of all affected persons is restored to the level enjoyed before the commencement of the project. To the extent that a Government is successful in restoring those living standards for all affected, the adverse impacts will be possibly avoided or **minimized**.

DP
19/2/2022

There will be occurrence of direct and indirect impacts of the project at various resources will be fully compensated and assisted so that they can improve, or at least restore to their former economic and social conditions.

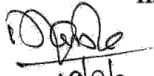

There has been demand of employment along with monetary compensation for the loss of land or house or both. But generating large scale employment for all PAFs could be a great challenge for the requiring body who may not find required highly skilful workers at the local level. At the most, they can get absorbed into jobs like housekeeping, security and other support functions in limited numbers in and around the project site during the construction of the project. While considering the employment aspects for the PAFs, the project authorities will follow Section No. 4 of the Second Schedule of RTFCTLARR Act 2013. As far as generating alternative livelihoods are concerned, the rehabilitation plan can attempt to get the affected families linked to the National Skill Development Mission, a Govt. of India initiative that plans to get millions of Indian youth skilled over the next few years. This would help solve the problem of unemployment and loss of livelihoods among the project affected families.

The economic impacts of the land acquisition include the loss of houses or businesses, or the loss of business income, be either temporary or permanent in nature. However, the actual valuation of these losses often proves to be a difficult process. The social and psychological impacts costs are more complex. Neighbourhoods will be disrupted and the villagers will be deprived of social cohesion and the informal support system.

However, it is important to distinguish those who were living in the project area prior to project approval from those who have invaded the area simply to benefit from the proposed relocation plan.

The key principles of the project policy on land acquisition, rehabilitation and resettlement are summarized below:-

- I. **Land acquisition and involuntary** resettlement have been avoided as the selected project design among the proposed alternative will have the least adverse impact on **the PAFs and communities** in the project area.
- II. Where the households (including communities) are losing assets, livelihoods or resources will be fully compensated and assisted so that

19/2/22

they can improve, or at least restore to their former economic and social conditions.

III. Compensation and rehabilitation support will be provided to the PAFs, that is, any person or household or business which on account of proposed project implementation would have his/her/ theirs:-

(a) Standard of living badly affected;

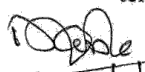

(b) Right, title or interest in any house, interest in, or right to use, any land including premises, agricultural and grazing land, commercial properties, tenancy, or right in annual or perennial crops and trees or any other fixed or moveable assets, acquired or possessed, temporarily or permanently;

(c) Income earning opportunities, business, occupation, work or place of residence his or habitat adversely affected temporarily or permanently; or, (d) Social and cultural activities and relationships affected or any other losses that may be identified during the process of resettlement planning.

IV. All affected people will be eligible for compensation and rehabilitation assistance irrespective of tenure status, social or economic standard and any such factors that may discriminate against achievement of the objectives outlined above. Lack of legal rights to the assets lost or adversely affected tenure status and social or economic status will not bar the PAFs from entitlements to such compensation, rehabilitation or resettlement measures.

V. All PAFs residing, working, doing business and / or cultivating land within the proposed project impacted areas as of the date of the latest census and inventory of lost assets, are entitled to compensation proportionately for their lost assets (both land and non-land assets) and restoration of income and businesses; and will be provided with rehabilitation measures sufficient to assist them to improve or at least maintain their pre-project living standards, income-earning capacity and production levels.

VI. People temporarily affected and resettlement plans will address the issue of temporary acquisition.

19/2/2022

VII. Where a host community is affected by the development of a resettlement site in that community, the host community shall be involved in any resettlement planning and decision-making. All attempts shall be made to minimize the adverse impacts of resettlement upon host communities.

VIII. Resettlement plans will be designed in accordance with the RTFCTLARR Act, 2013 and the HP Rules of 2015. The Resettlement Plan will be translated into Hindi for the reference of PAFs as well as for the sake of other interested groups.

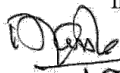

IX. Payment for land and/or non-land assets will be based on the principles laid in the RTFCTLARR Act 2013. Resettlement assistance will be provided not only for immediate loss, but also for a transition period needed to restore livelihood and standards of living of PAFs. Such support could be in the term of short-term jobs or providing subsistence allowance.

X. The resettlement plan must consider the needs of those most vulnerable to the adverse impacts of resettlement and ensure they are considered during the resettlement planning and application of mitigation measures. Assistance as admissible under the R & R Policy of the acquiring body should be provided to help them improve their socio-economic status.

XI. As part of the SIMP, the PAFs who lose cent per cent of their cultivable land or whose house is fully affected under the acquisition or PAFs with BPL status, women-headed land losers or physically or inentally challenged, the project authorities must provide employment to one of the members of such a project affected family wherever jobs are created.

XII. PAFs or the village communities will represent in the process of developing and implementing resettlement plans and proposed mitigation measures for adverse effects.

XIII. Adequate budgetary support will be fully committed and made available by the project authorities to cover the costs **of land acquisition (including compensation** and income restoration measures) within the agreed **implementation period.**

19/2/2022

XIV. Displacement must not occur before **making provisions of compensation and of other admissible assistance** required for relocation. **Sufficient civic infrastructure must be provided in resettlement site prior to relocation. Acquisition of assets, payment of compensation, and the resettlement and start of the livelihood rehabilitation activities of PAFs, will be completed prior to any project construction activities. Livelihood and income restoration measures must also be in place** built as these may take time, not necessarily completed prior to construction activities.

XV. The Project authority must arrange administrative set up for the effective preparation and implementation of the resettlement plan prior to the commencement of the project activities. This means provision for adequate human resources for supervision, consultation, and monitoring of land acquisition and rehabilitation **activities should be ensured.**

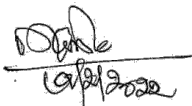

XVI. **Appropriate monitoring and evaluation and grievance redressal mechanisms should be put in place as part of the resettlement management system. An external monitoring group which may include qualified NGOs or Institutions or Universities** may be hired by the Project for evaluating the resettlement process and final outcome.

“Bhanupali-Bilaspur-Beri BG Rail project would link the region with the National railway network. This project is surely a step towards improvement in facilities in the region and would contribute towards the overall development of the area, state, and the country at large in the long run. However, the challenges and problems owing to disturbance that the PAFs’ would face cannot be ignored and needs proper mitigation (in this case compensation as per the RFCTLARR Act). The project is of national importance and every PAFs supports construction of Railway line provided their demands of rehabilitation and resettlement, fair compensations and issues and concerned raised by them are resolved in time. As this project serve the public purpose and PAFs has 100% consent during public hearing for land acquisition by SIA team therefore recommend land acquisition”.

हमारे सामूहिक भवन के लिए जमीन भी
स्थानीय पंचायत में ही उपलब्ध है।

हमारे लिए बनाए जाने वाले महिला मण्डल भवन
में स्नानागार, शौचालय, पुस्तकालय, खेल भवन
व विज्ञान केंद्र के लिए भी उ-पकरण हैं।
हम महिलाओं के जीवन को समृद्ध बनाने के
लिए ऐसे लघु उद्योग लगाए जाएंगे जिनके
उत्पाद, स्थानीय बाजार व ACC कम्पनी में
बिक सकें।

हमारी इन सभी योजनाओं को लिखित रूप में
स्वीकार किया जाए व अधिग्रहण से पूर्व ही
यह सभी कार्य पूरे किए जाएं।

हमारे महिला मण्डल की सभी सदस्याएं इसी गांव से हैं वही अधिग्रहण से हैं यहाँ से विस्थापित होकर कहीं दूसरे स्थान पर बसना पड़ेगा। विस्थापन का सबसे ज्यादा प्रभाव घर की महिलाओं पर ही पड़ेगा, क्योंकि घर की सबसे बड़ी जिम्मेवारी महिलाओं द्वारा ही निभाने जाती है। हमारा आपसी तालमेल व मेल-मिलाप इस अधिग्रहण की वजह से बिल्कुल खत्म हो जाएगा। हमारे सदस्याओं द्वारा बनने वाले हमारे जीवन को बेहतर बनाने की कमाई की योजनाएं खत्म हो जाएंगी। हम सभी छोटे-छोटे उत्पाद बना कर नजदीकी स्थानों पर बेचती थीं। सभी मिलजुल कर रहती थीं तथा साथ में अलग-2 स्थानों पर जाकर सांस्कृतिक कार्यक्रमों व अन्य सामाजिक कार्यों में अपनी भागीदारी सुनिश्चित करती थीं।

हमारे लिए एक सामुदायिक भवन जिसमें की हर प्रकार की सुविधा हो का निर्माण किया जाए व हमारे लिए विशेष रूप से लघु उद्योग स्थापित किए जाएं या स्थापित करने के लिए हमें चन राशी उपलब्ध करवाई जाए। हमारे लिए हमारी हर मांगों के लिए निशुल्क गाड़ी की सुविधा उपलब्ध होनी चाहिए।

विषय : भानुपल्ली बरमाना रेलवे लाइन परियोजना स्थापना के अंतर्गत होने वाले विस्थापित परिवारों द्वारा प्रस्तुत मुआवजा मांग पत्र

महोदय,

हम सभी भानुपल्ली बरमाना रेलवे लाइन परियोजना स्थापना के अंतर्गत होने वाले विस्थापित लोग आपके समक्ष कुछ तथ्य रखना चाहते हैं :-

- भानुपल्ली लेह रेलवे लाइन हमारे देश की सुरक्षा एवं उन्नति के लिहाज से एक बहुत ही आवश्यक परियोजना है और जहाँ विषय राष्ट्रहित का हो वहाँ हर भारतीय की तरह ही हम सभी लोगों के लिए भी हमेशा राष्ट्र ही सर्वोपरी है
- इसके लिए हम सभी यही चाहते हैं कि हमारी ज़मीनों का अधिग्रहण भारत सरकार द्वारा निर्धारित के तहत किया जाए तथा इस अधिनियम के तहत निर्धारित हर लाभ हम सभी को मिलें फिर चाहे वो हो या एंड योजना के अंतर्गत मिलने वाले लाभ हों
- लोगों को उनके घरों तक आने जाने के लिए रास्ते की उचित व्यवस्था हेतु ज़रूरी (व की उचित व्यवस्था सुनिश्चित की जाये ताकि लोगों को पर्याप्त मिल सके

गौरतलब है कि भानुपल्ली लेह रेलवे लाइन के तहत बरमाना - कंदरोर सड़क पर यात्री जंक्शन बनाया जाना निर्धारित किया गया है यहाँ से आगे लेह तक जाने वाली रेलवे लाइन का अभी तक कोई निर्धारण नहीं हो पाया है

यहाँ से रेलवे लाइन ट्रैक सीधा की तरफ जा रहा है इस ट्रैक के तहत पूरे के पूरे सदियों से बसे बसाये गाँवों का उजड़ना तय है इस ट्रैक का निर्माण सीधे तौर पर कंपनी को लाभ पहुंचाने के लिए किया जा रहा है कंपनी ने बड़ी ही चालाकी के साथ इस ट्रैक को लोगों के घरों को उजाड़ते हुए डिजाईन करवाया है यही नहीं इसके साथ ही कंपनी ने अपनी कॉलोनी व अन्य इन्फ्रास्ट्रक्चर को पूरी तरह बचा लिया है जबकि यदि कंपनी इस ट्रैक को अपने क्षेत्र में से ले

- रिहैबिलिटेशन रैसेट्लमेंट के तहत भूमिहीन व्यक्तियों को पर्याप्त भूमि व बेघर लोगों को उचित घर प्रदान किये जाएँ
- कंपनी में हर तरह के प्रत्यक्ष व अप्रत्यक्ष रोजगार में विस्थापितों को प्राथमिकता दी जाये
- कंपनी में अप्रत्यक्ष रोजगार के सबसे बड़े साधन सीमेंट व क्लिंकर की दुलाई के कार्य में हमारी ५०% की हिस्सेदारी तुरंत प्रभाव से तय की जाये
- विस्थापितों के लिए अलग से कम से कम 50 क्षमता वाला एक अस्पताल बनाया जाये जिसमें ट्रामा सेंटर की भी सुविधा हो और हर समय किसी स्पेशलिस्ट डॉक्टर की उपस्थिति सुनिश्चित की जाये विस्थापित परिवारों के लिये इस अस्पताल में मुफ्त इलाज की सुविधा रहे
- बरमाना में किसी तकनीकी संस्थान की स्थापना की जाये ताकि हमारे बच्चों को घर द्वार पर ही तकनीकी शिक्षा उपलब्ध हो सके
- बरमाना पंचायत में खनन क्षेत्र के साथ साथ ही प्लांट एरिया भी आता है इस लिहाज से कंपनी में उपलब्ध फुंड की 50% राशि इसी पंचायत में खर्च किया जाये और वो भी लोगों से पूछकर उनकी सहमती से नाकि कंपनी प्रबंधन की मनमर्जी से
- जहाँ जहाँ जरूरत हो वहाँ (रोड ओवरहेड ब्रिजेस) व अंडर पास बनाये जाएँ और लोगों को रोड कनेक्टिविटी पर्याप्त ढंग से मुहैया करवाई जाये
- चूँकि भटेड गाँव में जंकशन बनाया जायेगा , इस वजह से वहाँ सीमेंट क्लिंकर व कोयले की व होगी और बहुत ही ज्यादा प्रदुषण फैलेगा इसलिए वायु प्रदुषण व ध्वनी प्रदुषण को कम से कम करने के लिए उचित व्यवस्था की जाये जो घर ट्रैक के साथ लगते हों उन्हें एक्वायर करके लोगों का पुनर्स्थापन किया जाये
- विस्थापितों के बच्चों की उच्च शैक्षणिक व तकनीकी शिक्षा के लिए कंपनी की तरफ से आर्थिक सहायता प्रदान किया जाये
- विस्थापित परिवारों के लिए उचित पीने के पानी , ड्रेनेज , सुविधा , स्ट्रीट लाइट्स , की सुविधा मुहैया करवाई जाये
- विस्थापितों के लिए अलग से लाइब्रेरी , गार्डन , व स्पोर्ट्स क्लब की सुविधा निश्चित की जाये
- विस्थापितों के बच्चों के लिए कंपनी की तरफ से व स्वरोजगार हेतु लघु उद्योग स्थापित किये जाएँ जिनमे निर्मित उत्पादों की बिक्री कंपनी कारखाने में हो सके
- सीमेंट कारखाना बरमाना में स्थाई रोजगार हेतु हमारे बच्चों की उपलब्ध करवाई जाये

इसके आलावा भी अन्य हर संभव लाभ विस्थापित परिवारों के सदस्यों को मिल सके ताकि तीसरी बार बेघर व भूमिहीन होनेहोने से मिलने वाले उनके जख्मों पर थोड़ा मरहम लग सके

जाती तो यह ट्रैक बिल्कुल सीधा उनके प्लांट के अन्दर चला जाता और लोगों को बेघर व भूमिहीन भी नहीं होना पड़ता इस ट्रैक में सिर्फ .कम्पनी का हित है और राष्ट्र हित वाली कोई बात नहीं है . यह ट्रैक मात्र कम्पनी के फायदे के लिए है

- हम आपसे विनती करते हैं कि अगर अधिग्रहण ही करना है तो हमारी बज्जर जमीनों का किया जाये जोकि N.H Road के निचे वाले इलाके से जाता है
अन्यथा इस ट्रैक को सीधे सीधे कंपनी परिसर में से ले जाये जाये और लोगों को तीसरी बार बेघर व भूमिहीन होने से बचाया जाये

इसके साथ ही हम सभी आपके ध्यान में यह नहीं लाना चाहते हैं कि इससे पूर्व भी सीमेंट कारखाने को स्थापित करने हेतु हम सभी लोगों ने अपनी जमीने कौड़ियों के दाम में कंपनी को दी थीं और कंपनी ने भी उस समय भोले भले लोगों को मौखिक रूप में बड़े बड़े प्रलोभन दिए थे जिसमे विस्थापित लोगों को हर तरह की सुविधा प्रदान करना व प्रत्यक्ष व अप्रत्यक्ष रोजगार में प्राथमिकता देना प्रमुख था लेकिन कारखाने के सफल स्थापन के साथ ही कंपनी प्रबंधन के सुर बदलने शुरू हो गए इन्होंने लोगों को मूलभूत सुविधाओं के लिए भी तरसाना व जलील करना शुरू कर दिया कंपनी प्रबंधन की तानाशाही व हेकड़ी के आलम का अंदाज़ा इस बात से लगाया जा सकता है की इन्होंने स्थाई रोजगार तो दूर की बात है बल्कि अप्रत्यक्ष रोजगार के लिए भी विस्थापितों की अनदेखी करते हुए बाहरी लोगों को सीधे तौर पर फायदा पहुँचाया है जब भी विस्थापित लोगों ने अप्रत्यक्ष रोजगार की मांग की तो उन्होंने बड़े बड़े कुतर्क देकर हमेशा हमें अनदेखा किया है

अब अगर यह ट्रैक कंपनी को सीधे तौर पर फायदा पहुँचाने के लिए है तो सबसे पहले तो हम अपनी जमीनें इसके लिए नहीं देना चाहते हैं और यदि जमीनों का अधिग्रहण बहुत ही आवश्यक है तो हम अपनी जमीनें निम्नलिखित शर्तों पर ही देना चाहेंगे :-

- हमारी जमीनें भू अधिग्रहण नियम के अन्तर्गत ली जाएँ इनके तहत आने वाले सभी प्रावधानों का लाभ हमें मिले फिर चाहे वो पुनर्वास एवं पनास्थापन योजना हो या फिर कोई अन्य तरह के लाभ
- हमें circle rate से चार गुना मुआवजा दिया जाए . कियूं कि हमारी जमीनों का बाजार मूल्य मौजूदा circle rate से कई गुना अधिक है और हम तीसरी बार उजड़ रहे हैं
- कंपनी में हमें पीढ़ी दर पीढ़ी स्थाई रोजगार का प्रावधान प्राथमिकी तौर किया जाये

अतः महोदय से हमारा विनम्र निवेदन है कि यदि कंपनी व् रेलवे विभाग हमारी इन मांगों को पूरा करने के लिए तैयार है और हमें लिखित रूप में अपनी हामी देने को तैयार है तभी हम अपनी अपनी ज़मीनें देने को तैयार हैं अन्यथा रेलवे विभाग इस जंक्शन के लिए ट्रैक एकक कम्पनी परिसर में से ले जा सकता है

धन्यावाद सहित
